

Heraldo Fortuna Chuchon

Lima, Peru · [linkedin.com/in/heraldo-fortuna](https://www.linkedin.com/in/heraldo-fortuna) · +51 966 007 964 · heraldofortuna@gmail.com

Senior Frontend Developer with 5+ years of experience specializing in modern architectures (Vue3, React, React Native, TypeScript) and VTEX ecosystems. Led the development of scalable PWAs at Culqi (Vite, Astro, Nanostores) and implemented CMS-Headless integrations (Contentful + VTEX IO) for Beautycounter USA. Expert in performance optimization, state patterns (Redux, GraphQL), and full-stack development (Kotlin, Node.js). PCEP certified and focused on robust solutions with TypeScript and Clean Code.

PROFESSIONAL EXPERIENCE

Culqi

Frontend Developer Senior

Lima, Peru

Jan 2024–Jun 2025

- I led the PWA application team where we developed 'My Sales', 'Payroll Account', 'Support' and 'Counters' from scratch.
- I worked with technologies such as Vue3, React Native, Vite, Astro, PWA config, Axios, TypeScript and Nanostores.

Valtech

Frontend Developer Ssr

Buenos Aires, Argentina

Set 2022–Set 2023

- I worked on the integration of Contentful software with VTEX on the Beautycounter USA project.
- Additionally, I participated in two more projects for the company: Arredo and MasOnline, using technologies such as React, React Native, Node.js, jQuery, GraphQL, HTML, CSS, and AWS.

Sugo

Frontend Developer Jr

Lima, Peru

Feb 2022–Jul 2022

- I managed the VTEX supplier manager functionalities in CMS, catalog, and master data, increasing efficiency by 50%.
- Led the maintenance team, using technologies such as React, Node.js, GraphQL, and AWS.

Wird

Fullstack Developer

Santiago de Chile, Chile

May 2021–Oct 2021

- I was part of the product team, creating new applications and improving existing ones.
- I worked using React, TypeScript, Redux and Kotlin to develop robust applications.
